Dear Special Person,

You have got a surprise! You must be really important to somebody, because you have received a Gift Card for uniquely designed clothes. Thanks to this kind act, you can hold your own designer clothes in your hands, if you do the following:

- 1 Visit **dreamdrawdress.hu** website, and find the **Templates** menu item.
- 2 Choose the kind and the size of the clothes you want, and download the suitable template.
- 3 Design your unique piece of clothing with the help of the downloaded template.
Please, keep in mind that only the elements, shapes and colours inside the contours appear on your clothes.
- 4 Take a photo of the design made by you.
You can get informed about the proper photo quality on the website, in the **How to take a good photo** section.
- 5 Upload your photo and order the clothes of your own design on the website.
Choose **T-shirt Boy**, or **Girl's Dress** in the **Order** menu item. Follow the steps of the menu item, and don't forget to give all the required details, including the unique code number written on the Gift Card.
- 6 We will confirm your order by mail. Now you have nothing else to do but wait for the clothes of your own design to be ready.

We wish you lots of happiness and fun for every moment you wear the clothes of your own design. And don't forget: you can order clothes without a Gift Card, or you can surprise your loved ones with a Gift Card, so that they can imagine the clothes of their own design.
